

Superstore Returns

- By using the following visualizations we can start to understand the different metrics by Month, Year, Category and Sub-category.

- [Return Rate by Month and Year \(Right\)](#)
- [Return Count and Rate Over Time \(Below\)](#)
- [Returns: Month/Category \(Below Right\)](#)

- Use "Returns by Category" to filter sheet -

Sales and Profit do not always correspond with returns.

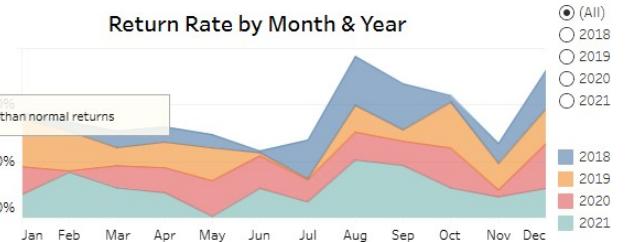

Return Count and Rate Over Time

Sales / Returns Relation

Return Rate by Month & Year

Returns: Month/Category
